

Rootcanal Foundation

**125 + BATCHES COMPLETED**  
**1500 + DENTISTS TRAINED**  
**FROM 25 + COUNTRIES**

**COMPREHENSIVE  
MICROSCOPE  
ENHANCED FOUR DAY  
ESSENTIAL ENDODONTICS  
TRAINING MODULE**  
(MODULE 1)

By  
**Dr. V. Gopi Krishna**

## Mentor profile

Dr.V.Gopi Krishna, BDS, MDS, PhD is currently working as Adjunct Professor at Sri Ramachandra Dental College & Hospital and as the Secretary of International Federation of Endodontic Associations, General Secretary for the Indian Board of Endodontics. He is the Editor in Chief of the Endodontology Journal and the Associate Editor of European Endodontic Journal. He is also the Founder Director of Root Canal Foundation, based at Chennai, India.

He is the Editor of three reputed textbooks:

Grossman's Endodontic Practice

–12th,13th & 14th Editions

Sturdevant's Art and Science of Operative Dentistry

– 1st & 2nd South Asia Editions

Preclinical Manual of Conservative Dentistry & Endodontics

– 1st, 2nd & 3rd editions

Dr Gopi Krishna has presented  
290 + invited podium lectures globally.

## Course Overview

- Root Canal Foundation has completed more than **125+** Endodontic training modules in the past **10** years at **Chennai, Dubai, Guwahati, Bhubaneshwar and Myanmar**. We have trained more than **1500** dentists from **25+** nationalities.

- Each participant will perform at least **25** root canal exercises, observe **100 +** access cavity preparations under magnification & assess more than **50+** obturations with digital radiography during this purely clinically oriented program.

- Our commitment for excellence in endodontic training is unwavering and the facilities offered are unmatched in India.

# Learning Objectives :

The four day module would equip a clinician with skills to perform quality endodontics therapy using rotary instrumentation in anterior, premolar and molar teeth.

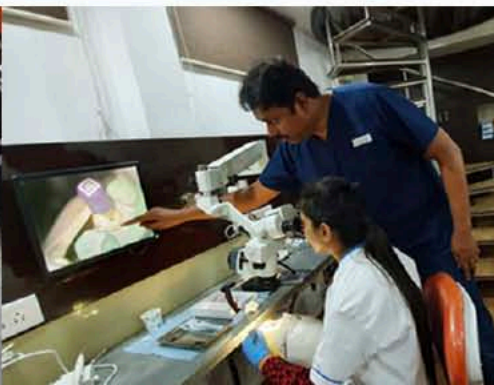

- Learn pre operative radiographic and clinical assessment of cases.
- Understand tooth morphology and perform conservative access openings with confidence.
- Learn how to proceed with orifice locating , canal patency and establish accurate working length.
- Understanding Niti and taper concepts to choose an ideal rotary/reciprocating shaping system.
- Employ rotary shaping instrumentation prudently and complete optimal disinfection protocols.
- Learn Obturation and Core buildup techniques.

# Information for participants

## GUIDELINES FOR MODULE I - ESSENTIAL ENDODONTICS

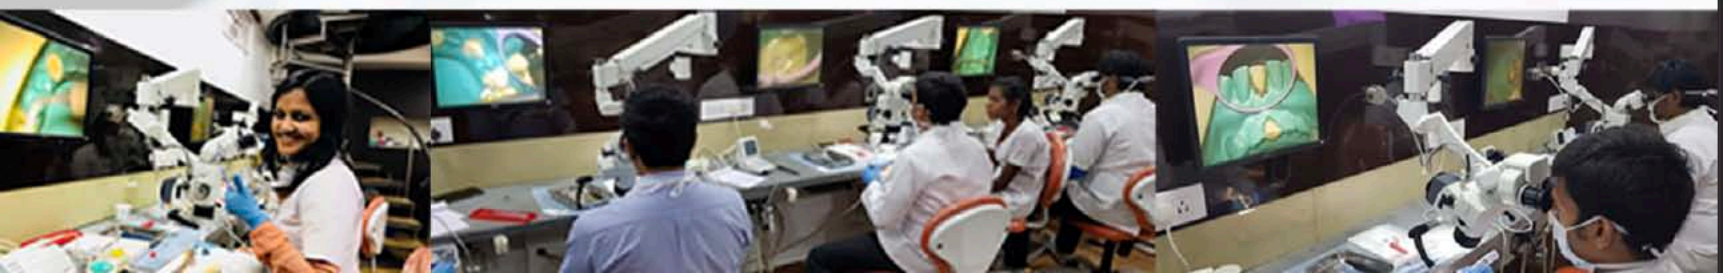

1. We are particular in restricting each batch to a minimum group of participants.  
This is to ensure quality training and interaction with each and every participant.
2. Consumables and non-consumables will be provided by the Centre.  
The mentorship program fee is inclusive of the study material (Grossmans Endodontic Practice textbook) and an Endodontic Starter Kit worth Rs . 5,000/-
3. Kindly bring the following materials with you :
  - a. 20-25 extracted teeth (5-10 each of anterior, premolar and molar).  
Do not mount the teeth and avoid keeping them in formalin or peroxide for an extended period of time.
  - b. NSK type contra-angled airtor handpiece with chuck.
  - c. White Lab Coat & Passport size photograph
  - d. N95 mask & PPE kit for your personal use.

## Program Schedule

DAY	LECTURES	DEMONSTRATIONS	HANDS-ON EXERCISES BY PARTICIPANTS
DAY 1	<ul style="list-style-type: none"> <li>-Case assessment in endodontics.</li> <li>-Predictable access opening techniques in anterior, premolar &amp; molars.</li> </ul>	<ul style="list-style-type: none"> <li>-Access opening on anterior, premolar and molar teeth.</li> </ul>	<ul style="list-style-type: none"> <li>-Each participant has to perform at least 20 access openings on mounted natural teeth.</li> </ul>
DAY 2	<ul style="list-style-type: none"> <li>-Lecture on predictable shaping and optimal disinfection techniques &amp; Glide path management.</li> </ul>	<ul style="list-style-type: none"> <li>-Microscope correction of access openings done by participants.</li> <li>-More than 100 access openings would be assessed and corrections demonstrated.</li> <li>-Removal of pulp stones.</li> <li>-Tracing of MB2 and extra canals.</li> </ul>	<ul style="list-style-type: none"> <li>-Shaping &amp; cleaning exercises on access opened teeth using rotary systems.</li> <li>-Use of endo motors &amp; rotary Niti files.</li> <li>-Use of electronic apex locators.</li> </ul>
DAY 3	<ul style="list-style-type: none"> <li>-Obturation techniques &amp; problem solving.</li> </ul>	<ul style="list-style-type: none"> <li>-Demonstration of management of canal blockage &amp; loss of working length.</li> <li>-Sealer placement &amp; obturation techniques.</li> </ul>	<ul style="list-style-type: none"> <li>-Shaping &amp; cleaning exercises on access opened teeth using rotary systems.</li> <li>-Master cone x-rays after completion of rotary shaping exercises.</li> </ul>
DAY 4	<ul style="list-style-type: none"> <li>-Lecture on pain management.</li> <li>-Q &amp; A session.</li> </ul>	<ul style="list-style-type: none"> <li>Assessment of master cone x-rays of participants.</li> </ul>	

## Course Details

### MODULE-I ESSENTIAL ENDODONTICS :

(Each participant receives an endodontics starter kit comprising of consumables and materials along with a complimentary copy of Grossmans Endodontic Practice - 13th edition). Module I is our popular four day program which will make you proficient in doing routine rotary molar endodontics.

Chennai : INR 35000 Guwahati / Bhubaneswar : INR 40000 Myanmar: USD 850

### MODULE-II ADVANCED ENDODONTICS :

(Each Participant receives an endodontic advanced kit comprising of consumables and materials). Module II is our niche three day program which is recommended for participants interested in Retreatment, Post and core techniques and Prosthodontic module on laminates, crown and bridge preparations after their completion of module I.

Chennai : INR 35000 Guwahati / Bhubaneswar : INR 35000 Myanmar : USD 850

### MODULE -III MICROSCOPE TRAINING COURSE :

This two day program is for endodontists and clinicians who want to learn the ergonomics and principles of using a dental operating microscope in their clinical practice.

Only at Chennai : INR 35000

- Each module has exhaustive lectures, assessment of the participants hands-on work under dental operating microscopes.
